DESCRIPTION OF WORK

HOME EXTERIOR REFRESH

OUR PRICE INCLUDES

- Thorough preparation work, and 2 coats of paint on all agreed upon surfaces
- Preparation work includes scraping of flaking paint, cleaning, minor resurfacing, priming, and caulking — everywhere, as required
- Clean up at the end of each day, leaving your living space clean
- Protection and safeguarding your property from construction damage
- A clean and respectful working environment to make the work period as smooth as possible for you
- Major repairs are excluded from the quote and will be charged at 65 $/h plus taxes and materials.

Given the nature of the exterior renovation work, please note that this is a realistic cost estimate, not a fixed price. The true scope of the required preparation is to be assessed once the scraping begins. The final price will be billed based on the actual time required for the work.
